Naci Can

Board Member, Calik Enerji Swiss AG

Deputy General Manager – International Funding & Investments, Çalık Enerji
Naci Can leads international financing and investment initiatives at Çalık Enerji, with a focus on EPC-F and renewable energy projects across EMEA and Central Asia. As a Board Member of Calik Enerji Swiss AG, he plays a pivotal role in positioning the company as the group's global financing and structuring hub, fostering strategic partnerships with export credit agencies, DFIs, and global banks.

He also serves on the boards of Çalık Renewables and Jasper Trading (Poland), and is Executive Manager of Çalık Enerji Japan. His work spans complex energy and infrastructure transactions, driving cross-border collaboration and advancing decarbonization through innovative, bankable project structures.

Naci brings deep expertise in working capital optimization and credit enhancement to support EPC delivery. Prior to joining Çalık Enerji, he held senior roles at GE Gas Power, BBVA-Garanti, UBS Investment Bank, and Moody's Investors Service.

He holds a triple Bachelor of Science degree in Business Administration, Economics, and History & Policy from Carnegie Mellon University.
